The Democrat reports a slight fall of snow in Chillicothe Monday afternoon, July 10, about 3 o'clock, but says it melted before it touched the pavement. Fortunately for the Democrat it gives the names of three witnesses to prove its statement.

The suit of Mr. and Mrs. G. M. Settles against the estate of Allen Caskey, deceased, for caring for Mr. and Mrs. Caskey since 1894 was tried by a jury in the Carroll probate court Friday and resulted in a verdict for plaintiffs for \$3,000. The amount for which they asked judgment was \$5,500.

Pilferings from the Root school-building at Carrollton to the amount of \$100 or more in school property have been traced to five small boys, and two of them, Herbert Adkins and Harry Weaver, have been arrested. Three other lads are implicated. Most of the stolen property has been recovered. The boys will be prosecuted.

The Glasgow Missourian tells of the striking of Wm. Stockman's barn by lightning Tuesday morning, killing a mule valued at \$150 and knocking down another mule which Mr. Stockman and a negro named David Gooche were roaching. Mr. Stockman was thrown against the barn while the negro was felled to the ground and rendered unconscious for about 15 minutes. The barn was badly damaged, but the loss on both mule and barn was fully covered by insurance.

Owing to the C. J. Delvin bank failure at Topeka, Kas., and the fact that Mr. Delvin operated the coal mines at Marceline, which had been shut down on account of his financial entanglements, and the further fact that the First National bank of Marceline was believed by some to be connected with Delvin in some way, a run was made on the Marceline financial institution by many patrons last week, all demands were promptly met, and there were still plenty of cash left to pay all others if they to, had wanted their money. What a misfortune it is that every bank in the county is not conducted on such correct and trust-worthy business principals.

The authorities at Macon were wired to meet Burlington passenger train No. 41 Monday afternoon and arrest a couple of young men who would not pay their fares. When the train arrived at Macon one of the trespassers was riding on the tender of the engine and the other on top of a coach. The former said he was John E. Brown and that he was on his way to Kansas to work in the harvest fields, but he was detained at Macon to serve a week in jail imposed by Justice Holman. The other offender gave his name as George Washington Smith, but admitted that Smith wasn't his right name. When told what his fine and costs were he pulled out a roll of bills and liquidated. Upon being asked why he did not pay his railroad fare and ride in more comfortable quarters he replied that he could see more from the top of the coach than he could down below. He recommended his mode of travel as the most exciting ride one could get for the money. Mr. Smith in addition to his roll of bills wore a fine gold watch and good clothes.

John G. Provines, a former well-known newspaper writer of Moberly, and a man who was at one time possessed of a very bright mind, is believed to be sick unto death at the Randolph county poorhouse of which he has been an inmate for some years. He is now 75 years old.

The Rustler thinks Clifton Hill needs more harmony and concert of action. We don't believe there would be any "harmony" about it, but if the editor of the Rustler would give a "concert" there would be no doubt about the "action" as there would be a grand rush of citizens to get out of town.

Mrs. Caroline Wallace of Chillicothe has filed suit for divorce from her husband, J. R. Wallace. She says that they were compelled to move at the end of each month because her husband would not pay the rent. She ought to have a divorce.

Miss Fisher of Chula attempted to end her life Thursday afternoon by taking a dose of paris green. The poison affected her mind and her aged parents fear she will attempt suicide again. Miss Fisher has been afflicted with epilepsy for several years.

The three games of baseball at Higbee last week between the Higbee and Chillicothe teams were all hotly contested. Chillicothe won the first and Higbee won the second game by the same scores—2-1. The score of the third game was 4-1 in favor of Chillicothe. It required 11 innings to decide the second game.

W. M. Smith, a farmer living near Clark, has brought a \$5,000 suit against the Wabash Railroad Co. For his cause of action defendant states that he went to Moberly and failed to buy a ticket on the return trip, but paid the conductor 32 cts., all the change he had. The fare was 35 cts. Upon arriving at Renick, a station between Moberly and Clark, he was roughly ejected from the train and had to stay all night. And now Mr. Smith thinks he was damaged just \$5,000 worth and has brought suit for that amount.

**Healthy Mothers.**  
Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Boschee's German syrup would put a stop to it at once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and refreshing rest to the cough-racked consumptive. New trial bottles, 25c; large size, 75c. For sale by H. M. Sigloch.

Ira Grider of DeWitt received an anonymous letter last week in which was enclosed three bills of the denomination of \$100. It is supposed that the sender had wronged Mr. Grider out of that amount of money in days gone by and could no longer stand the load upon his conscience.

According to the Fayette Advertiser, as a good Salisbury wife took the train for a month's visit to relatives at a distance the husband dropped a few tears on his handkerchief. After the train pulled out a friend asked him why he cried. "Oh, if I hadn't Kate would have been back here in less than a week."

The Armstrong Herald says that B. B. Warford had a narrow escape from a serious accident one day last week while threshing wheat on his farm, south of town. He was at work on the straw-carrier when his pants leg got caught in the belt. He managed to tear his pants and in this way saved himself from being drawn into the machinery where he would have no doubt received serious injury.

Carl Hicken, the 14 year-old son of P. J. Hicken of near Prairie Hill, met with a frightful accident Wednesday of last week. In lighting a gasoline lamp to a moving picture machine the lamp exploded, and the storage tank struck the lad in the face, terribly lacerating the flesh on the left side of his face, breaking the cheekbone and destroying the left eye. The boy was still unconscious when Drs. McAdam and Epperly of Prairie Hill came to dress his wounds. He was soon restored to consciousness and is now getting along very well considering the nature of his injuries.

Miss Alice Platt, formerly of Carrollton, has been released from the state hospital for the insane at St. Joseph as cured. Miss Platt was arrested and tried a few years ago on the charge of murdering two children of a home in Kansas City where she was employed, but was acquitted after a prolonged trial, and then returned to Carrollton where she was adjudged insane June 25, 1900, and sent to St. Joseph for treatment at the state hospital for the insane as a Carroll county patient. She has again gone back to Kansas City.

A traveling man at a hotel in a nearby town recently found a hair in the honey. He went to the proprietor and kicked. "I can't help it," said the latter. "I bought it for combed honey. The next day at dinner he happens to run across a hair in the ice cream and the landlord could not account for it. "The ice was shaved," he said. The guest was boiling, for the next day he picked a raven hair out of his portion of the pie and angrily jerked up the proprietor, who turned him down effectually as follows: "In an apple pie eh? Well that beats everything! I bought those apples for Baldwin's."

George Kirby, who was charged with raping Miss Dousilla Pitney, had his preliminary trial before Justice Jasper Thompson at Fayette Friday, and was bound over in the sum of \$5,000 to appear at the August term of the Howard circuit court. Twenty-five besides himself signed the defendant's bond and he was released.

Rev. W. R. Shaw formerly of Brookfield, was arrested at DeMoines, Iowa, the first of last week for threatening to kill his divorced wife. The threat grew out of a quarrel, between Shaw and his wife as to which should have the care and custody of their child but the court gave to Shaw, and Mrs. Shaw kidnapped the child and was living at DeMoines under the name of Woodson when the last trouble occurred.

William Albert Herring is in jail at Macon awaiting trial on a charge of bigamy, he having married a widow at Macon May 2, 1905, who went by the name of Mabel Eldridge. It is claimed that she is the lawful wife of another husband living at Brookfield. Mrs. Herring has not yet been called to account for her part in the matrimonial muchness, but likely will be. Herring is busy trying to figure out how he can be held for bigamy when he has married but one woman. Mr. and Mrs. Herring lived in Macon awhile after their marriage and then moved to Monroe county, but Herring was arrested in Linn county.

Because of disreputable conduct two negroes were made to leave Jacksonville by the white population, and should they attempt to return it is believed their hides would not hold shucks.

The Clark Chronicle tells of two citizens of that place who went to Huntsville to take out license to hunt this fall. The gentlemen are too impatient. If they'll just wait awhile fall will get here in due time and they won't have to hunt it.
